

Preschool Newsletter for the Month of September

Themes and Activities

The theme for September is **All about Me, Families, and friends.**

We will spend time learning about ourselves. Including our likes, dislikes, and the parts of our body.

Preschoolers will be encouraged to play with new friends everyday so they can expand their social skills.

We will talk about our families and learn more about them by bringing in a family photo.

We will also have a special family trail mix day where our families can join us for some fun!
