### Reminders

*Per Playhouse policy, we do not celebrate or teach any holiday. Please refrain from sending treats or costumes with your child.*

### **Skill to work on with your child: Help us correctly hold writing utensils!**

We learn so much at school but we love spending time with our families! Remember- "what" we write isn't as important as "how" we are writing!!

### Announcements

Many activities help us learn and develop prewriting skills! Squirting water with turkey basters, molding PlayDoh or clay, and picking up items with tongs or tweezers all help us strengthen the hand and finger muscles we use as we learn to write properly!
