Reminders

In the Toddler room we are preparing your little ones for preschool! It is recommended that your child not have a pacifier anymore once they go into preschool. One thing to work towards at home is getting rid of the pacifiers/nuks. We work very hard to only use pacifiers and blankets at nap to prepare them for the older rooms

Skill to work on with your child:

Using a cup at home! No lid, just a regular cup. Both hands to hold!
